## **Grants to voluntary, community and social enterprise organisations**

The code requires that local authorities must publish details of all grants to voluntary, community and social enterprise organisations. This can be achieved by either:

- Tagging and hence specifically identifying transactions which relate to voluntary, community or social enterprise organisations within published data on expenditure over £500 or published procurement information, or
- By publishing a separate list or register.

For each identified grant, the following information must be published as a minimum:

- Date the grant was awarded.
- Time period for which the grant has been given.
- Local authority department which has awarded the grant.
- Beneficiary.
- Beneficiary's registration number (where applicable).
- Summary of the purpose of the grant.
- Amount.

**Shedfield Parish Council publishes this information as a separate list, as below.**
